

## Creating a Community Radio Newsroom

This course is open to all adults, and is designed to be accessible to everybody regardless of ability and personal circumstances.

Learn how to produce a radio programme with FC United Radio with a free 12 week course covering all aspects of radio production.

You will work with Station Coordinator and Producer Ben Hughes to create a weekly radio programme, covering news, sport, community, and entertainment.

Learn how to write scripts, interview, present, record, produce, and edit.

This course is also designed to develop personal employability through building confidence, self-awareness, motivation, and social skills

On completion you will achieve a Level 1 Award in Radio Production and a PEARL Employability Skills Award.

We can also support you in developing your career in media further.
