UNITED FOR A GOOD CAUSE

VS

Compete for the
Alan Henning Memorial Trophy

5:15pm kick off, Saturday 29th October
(after the game against Gloucester)

The History of United Glasgow

Our two guiding principles when we started our project were anti-discrimination and financial inclusion. By keeping our costs to an absolute minimum and not charging players for games or training where we could we managed to bring together individuals from communities who would otherwise probably never have met through a shared love of football.

While we have already worked with hundreds of young people in Glasgow, we hope the project will continue to grow — incorporating more community education and inclusion projects in partnership with other organisations

and result in a true community football club which represents all of Glasgow; regardless of background or financial position.

“United Glasgow FC has always been about tackling discrimination in football (whether that be racism, sexism, homophobia, transphobia or anything else) — usually under the mantra of “think they’re different? You’re both wearing football boots. You’re both footballers.”

Alan White - Manager
